

## SEND Policy Appendix 2

### Biggin Hill Primary School - SEN Support Codes

	Descriptor
<b>N</b>	No special educational needs (Any past SEN history will show on SIMS)
<b>K1</b>	Known barrier to learning which may be educational, physical, medical, emotional. <b>Needs fully met with range of QFT strategies.</b>
<b>K2</b>	Low level barrier to learning requiring consideration. Some “additional to and different from” intervention met <b>mainly via QFT</b> /specific intervention: added to year group intervention map
<b>K3</b>	Medium level barrier to learning requiring increased level of consideration. Increasing range of intervention but still met mainly via QFT & specific interventions: may have referrals to external agents. Children from K1 to 3 SEND status will have universal funding (£2,000) available to them in the form of funded interventions.
<b>K4</b>	High level barrier to learning requiring high level of consideration. Targeted funding will be directed to children at this SEND status (up to £6,000) More significant intervention provided through QFT/interventions. Increased SEN input-, additional literacy and numeracy support, may have some guidance from external agents. May have a pupil support agreement ( <b>PSA</b> ) They should have individual provision maps that have been agreed with parents
<b>S5</b>	<b>Statement/PRA (top up funding)/EHCP/SSDP paperwork will outline specific needs at lower matrix (£2,000).</b> Needs exceed standard level of provision available. Significant QFT/individual intervention support to be maintained. Low level of additional individual SEN funding to provide an appropriate level of support, with identified LSA support.
<b>S6</b>	<b>Statement/PRA (top up funding)/EHCP/SSDP paperwork will outline specific needs at medium matrix (£4,000)</b> High level of need. Significant QFT/Faculty/Pastoral support to be maintained. Medium level of individual additional SEN funding to provide an appropriate level of support which may include external agency involvement.
<b>S7</b>	<b>Statement/PRA/EHCP/SSDP paperwork will outline specific needs at higher level matrix (£6,000).</b> Increasingly complex high level of need that are long term. Significant QFT/individual intervention support to be maintained. High level of individual additional SEN funding to provide an appropriate level of support which will include higher level of external agency involvement
<b>S8</b>	<b>Statement/PRA/EHCP/SSDP paperwork will outline high level of specific needs: may have high medical needs.</b> Long term, complex high level of need.

<p>Significant QFT/support &amp; individual intervention /support to be maintained. Very high level of individual additional SEN funding to provide a very high level of support which will include significant external agency involvement.</p>
