

# KS2 MFL Teaching Overview at Biggin Hill Primary School

NB: MFL is not taught discretely in EYFS/KS1, however the children do participate in French Day, are exposed to French signage around the school and teachers use French key vocabulary (such as body parts, classroom items, basic classroom commands) in routine language, which prepares the children with some early language acquisition prior to beginning MFL teaching in KS2.

## Why Language Angels?

KS2 teaching is taken from Language Angels. We have chosen to subscribe to this scheme of work because it has strong cross-curricular links with our History, Geography and RE teaching. There is clear differentiation in each lesson and an End of Unit assessment is readily available. Language Angels closely follows the updated National Curriculum expectations and matches their program of study.
